

Design Features

"E" Compliant LED Replacement Rear Light Cluster

Same "footprint" as previous 343 lights & competitor lights.

Same individual lenses (except Stop & Tail lens for LED option) to minimise cost of accidental replacements.

New Styling to give added value unique appearance.

New "paintable" bezel for fleet corporate colours, but with silver, black & red as standard options.

New re-designed lens mounting seal to address water ingress issues.

Established "4 fixing screw " bezel removal with elimination of hinging allowing recessed fitting.

Single contact lampholders to allow use of premium quality heavy duty lamps in non LED functions.
