

Subject : Ring Popular - Relays / Washer Pumps / Buzzers / Reverse Alarms

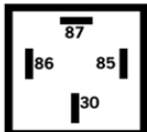

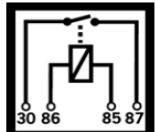

Date of Issue  
29/09/2016

### Relays

Description: Changeover relay  
Resistor: None  
Diode: Across the coil

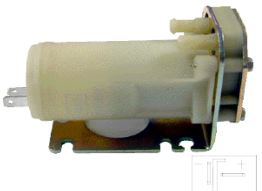

Volts	Amps	Terminal Type	Bracket	PL REF	Resistor	Diode
24	20/30	B	Detachable	PL29694	-	✓

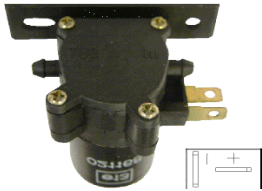

Description: Single contact, normally open  
2 x 4.8mm pins, 2 x 6.3mm pins

Volts	Diode/Resistor	Terminal Type	Bracket	PL REF
24	Diode	B	None	PL29695

### Washer Pumps

Part No:	PL29972	Technical Information	General Information
		Type: Universal Voltage: 24v Elec. Connection: Lucar/Bullet Working Current: 3.3A Flow rate (ML/Min): 6000 Discharge Pressure: 270Kpa No. Outlets: Single	Interchangeable with VDO pumps  <u>Applications</u> Ideal for bulkhead & remote fitments where long delivery distance is required

Part No:	PL29973	Technical Information	General Information
		Type: Universal Voltage: 24v Elec. Connection: Lucar Working Current: 2.0A Flow rate (ML/Min): 1600 Discharge Pressure: 250Kpa No. Outlets: Single	<u>Applications</u> Ideal for bulkhead & remote fitments • Car • Truck • Construction equipment • Marine

### Buzzers / Reverse Alarms

Description: Mini Buzzer  
Type: High Note  
Note: For low pressure warning switches

Volts	Type	Terminal Type	Amplitude at 1m	Max Current	Fixing	PL REF
24	High Note	B & C	85dB	22mA	Single Hole	PL29686

Description: Reversing Alarm  
Usage: Forklift Truck  
Note: Splash proof shell  
Solid State Electronics

Volts	dB at 1m	Operating Temperatures	Fixing	PL REF
12-80	90	-20°C to 50°C	M8	PL29687
